LET'S DO THE WORK.™

#UEQ

© 2023 Caterpillar. All Rights Reserved. CAT, CATERPILLAR, LET'S DO THE WORK, their respective logos, "Caterpillar Corporate Yellow", the "Power Edge" and Cat "Modern Hex" trade dress as well as corporate and product identity used herein, are trademarks of Caterpillar and may not be used without permission.

CAT CERTIFIED USED. THE BENEFITS.

MORE THAN 70 COMPONENTS PROTECTED

A Caterpillar Equipment Protection Plan (EPP) that covers more than 70 powertrain and hydraulic components comes standard — extending your protection beyond the original factory warranty and helping you limit unexpected repair bills.

Also if your machine is equipped with Product Link, we'll turn it on for you so you can stay connected.

UP TO 140 POINTS INSPECTED

Every machine must pass a comprehensive 140-point inspection. If that reveals any issues, highly-trained technicians service it using only genuine Cat parts.

They also complete all the most recent maintenance, so you don't need to worry about changing oil or filters until the next interval.

SERVICE HISTORY

Many machines come right from our rental fleets, so you'll know exactly how your machine was maintained, and a documented service history is available, so you can make an informed decision BEFORE you buy. Having the complete service record in hand can help you obtain a higher resale value when you're ready to sell, too.

RENTAL AND USED

RENTAL

The Cat Rental Store is here to keep businesses of any size, in any industry, going and growing. Count on us for the right equipment, right when and where you need it, reliable and ready to work 24/7/365. All backed by a team who knows how hard you work- and works just as hard to get you what you need. www.catrentalstore.com

Our extensive of rental fleet serves the needs of companies in a wide range of industries. Construction equipment is a primary focus, but we can also provide the right solution for everything from landscaping and forestry to oil and gas and quarry and aggregates. Our knowledgeable product specialists can help you select the ideal machine with attachments for your industry, applications, and budget.

USED

Make sure you get exactly what you want low hours, great condition and the right configuration. Cat Used equipment delivers all that and more at multiple price points to fit your budget. Whatever your requirements, you can find a reliable product on catused.cat.com

WORKSHOP CAPABILITIES

There's used equipment, and then there's Cat Certified Used - selected, inspected and serviced to the highest standard.

The result? Good-as-new performance, guaranteed.

- Like new Duality & Reliability
- Well maintained with full Service history available
- Repaired with genuine Cat parts

OUR PRODUCT SUPPORT

William Adams' Product Support team provides parts and service solutions for the ongoing operating needs of our customers. Our team members are committed to working with you to understand your needs and provide the best solutions for your business.

We provide unrivalled product support in the areas of:

- Maintenance and Repair of Heavy Equipment
- Management & Maintenance of Undercarriage, Hydraulics, Ground Engaging Tools, Engines and Power Trains
- Condition Monitoring
- Extensive Field Service Coverage
- Widest Range of Genuine Cat Parts
- 24/7 Online Parts Store
- Repair Agreements
- S.O.S Fluid Sampling and Analysis
- Technology Solutions
- Consultative services to maximise your return on investment

OUR PRODUCTS & SERVICES

We can provide a wide range of machines from small excavators to large off-highway trucks. In addition to this, William Adams specialises in the maintenance, repair and overhaul of most Caterpillar and Cat Compact Power Systems operating in Power Generation, Marine, Petroleum, Gas, and other industrial applications.

Not only do we serve and support our customers in Victoria and Tasmania, we are also engaged in providing equipment and product support solutions to our international customers throughout the Antarctic region.

WORKSHOP CAPABILITIES

All branches are supported with specialised tooling and Cat trained Technicians to meet your equipment servicing needs. Most repair and rebuild work can be completed at your local branch, but any specialised tasks are directed to the branches with these facilities.

In addition to mechanical repair servicing, there is also a portion of the company with fabrication and machining capabilities. Machine frames and structures can be repaired at the various branch workshops.

All William Adams locations are equipped with specialised facilities to carry out a wide range of work for on-highway customers who own any make or model of on-highway truck.
