CAT CERTIFIED USED. THE BENEFITS.

MORE THAN 70 COMPONENTS PROTECTED

A Caterpillar Equipment Protection Plan (EPP) that covers more than 70 powertrain and hydraulic components comes standard — extending your protection beyond the original factory warranty and helping you limit unexpected repair bills.

Also if your machine is equipped with Product Link, we'll turn it on for you so you can stay connected.

UP TO 140 POINTS INSPECTED

Every machine must pass a comprehensive 140-point inspection. If that reveals any issues, highly-trained technicians service it using only genuine Cat parts.

They also complete all the most recent maintenance, so you don't need to worry about changing oil or filters until the next interval.

SERVICE HISTORY

Many machines come right from our rental fleets, so you'll know exactly how your machine was maintained, and a documented service history is available, so you can make an informed decision BEFORE you buy. Having the complete service record in hand can help you obtain a higher resale value when you're ready to sell, too.

CAT RENTAL

RENTAL

The Cat Rental Store is here to keep businesses of any size, in any industry, going and growing. Count on us for the right equipment, right when and where you need it, reliable and ready to work 24/7/365. All backed by a team who knows how hard you work and works just as hard to get you what you need. www.catrentalstore.com

Our rental fleet caters to the requirements of companies across various industries. Although our primary focus is on construction equipment, we also offer solutions for landscaping, forestry, oil and gas, quarry, and aggregates. Our experienced product specialists are available to assist you in choosing the perfect machine for your needs.

EVERYTHING YOU NEED TO MAKE YOUR JOB EASIER

CONVENIENCE

We know that keeping your project moving is a priority, so we can give you access to a wide range of machines and solutions, even at a moment's notice.

RELIABILITY

All products undergo a rigorous check in and out after each rental ensuring they are ready to go and keeping you safe.

EXPERTISE

We are proud to have the best team, all trained to provide expert advice, service and support to ensure you get the right machine when you need it.

TECHNOLOGY

Our rental fleet comes with the latest technology to help you improve productivity, efficiency and financial results.

PROFITABILITY

Renting high technology and reliable equipment releases your business from the cost associated to equipment ownership, helps you to control your projects cost and improve your cash flow. This is the recipe to grow profitability.
